

July 2013

Hertfordshire Disability Sport Club Directory

The Herts Sport Partnership believes that sport should be for everyone, no matter what their background is. Therefore, we are dedicated to raising the profile of disability sport within Hertfordshire to allow people with all disabilities to enjoy sport as much as any other individuals.

We do this by working closely with range of partners including voluntary organisations, National Governing Bodies, community groups, schools, local authorities, facility providers and our own, Herts Disability Sports Forum for Young People. Through this, we aim to break down any barriers and to create opportunities for disabled people to start, continue and excel in sport.

If you wish to find out more information about disability sport opportunities in Hertfordshire please contact;

Shelley Woods
