

REMOTE LEARNING

For our pupils who are currently out of school, we have set up some remote learning resources which can be accessed via the website, from Parents - Parents School Links - Home Learning.

The direct link is <https://woodfield.herts.sch.uk/HomeLearning/>

There are also some useful resources here:

A member of staff will keep in regular contact with you until it is safe for your child to return to school.

COVID UPDATE

We are keeping our outbreak management plan in place until half term. We have only had one more positive COVID case since our outbreak, and we have closed one class temporarily as a result. We hope to have all classes up and running again on Monday, as long as we have enough staff who have tested negative and are well. Everyone in school is working very hard to make it possible for us to keep the school running with an engaging and challenging curriculum for our pupils. Thank you again for your continued support.

GUIDE DOGS

Did you know that Guide Dogs UK offer free iPads for 3-12 year olds or free iPhones for 12-18 year olds with a registered visual impairment?

'Tech for All' is completely free, parents or guardians just need to fill out the eligibility criteria online and send off medical evidence of severe sight impairment or sight impairment.

Here is the link to the page:
